YRP Marine Unit
Jackson's Point, Georgina, ON
Project Update – Notice of Occupancy

The keys to the 8918 Sq. Ft. facility comprising of Office, Garage and Boat House fashioned to be in sync with the beauty of Jackson's Point were handed over to the Regional Municipality of York / York Regional Police as of October 05, 2020.

The office and garage were designed to meet the operational requirements of the YRP Marine Unit which will be providing year-round emergency response to the community on both land and water. The boat house is equipped to dock the unique and versatile YRP fleet which adapts to the ever-changing weather and water conditions.

Artist Lauri Hoeg was commissioned to create the beautiful works of art for the Marine facility. The synergy between the police protecting the people on the waterway and the Chippewas of Georgina Island protecting the water itself allowed for this great collaboration.
